## **REPORT FOR THE GUEST LECTURE ON COMMUNICATION SKILLS**

### **AIM:**

To conduct a guest lecture regarding communication skills for the 2<sup>nd</sup> MSc students of the Department of PG Studies in Food Science & Nutrition of Besant Women's College, Mangalore on topic "Communication is the Key"

### **OBJECTIVE:**

- To illustrate the students on importance of communication skills.
- To educate the students on how to improve their communication skills.

### **OUTCOME:**

- The students understood the importance of communication skills & situation analysis.
- The use of story interpretation technique helped the students to understand the communication concept better.

### **REPORT:**

The Department of PG Studies in Food Science & Nutrition organized a guest lecture on the topic "Communication is the key" on 2<sup>nd</sup> November 2023 at 1.30 pm for the 2<sup>nd</sup> MSc students by Dr. Gawtham Jyosthna, Associate Professor, Department of English, Besant Women's College. The session started with a brief introduction of the guest speaker by Ms. Nireeksha V, Assistant Professor, MSc FSN & after which Dr. Gawtham took over the session. Dr. Gawtham in brief explained the students on the importance of communication by analyzing the situation & he illustrated the same with the example of the story "The Lion King" where he depicted the importance of situation analysis through the scene of Mufasa's death & co-related the fleeing of Simba & his repentance to the lack of communication due to low will power. Hence, through this illustration, Dr. Gawtham very cinematically explained the importance of communication which would give another phase to the story if Simba had communicated on his father's death to the herd rather than running off & living his life in guilt. The students of

the 2<sup>nd</sup> MSc found this session very interesting & expressed their desire to have many more sessions like these in the future too when the feedback was given to them.
